LHA Trust Funds wants to help you improve safe patient handling and mobility (SPHM) so your facility can reduce healthcare worker injuries and improve patient quality of care outcomes.

With those goals in mind, LHA Trust Funds has partnered with Atlas Lift Tech, an industry leader in SPHM solutions. Through this partnership, we can help your facility evaluate and develop your current SPHM program, train staff, and measure outcomes.

LHA Trust Funds invites you to participate in this Safe Patient Handling and Mobility Quality Initiative.

To participate, we require that this Commitment to Participate form is signed by the CEO and returned to LHA Trust Funds Vice President of Safety and Risk Stacie Jenkins at staciejenkins@lhatrustfunds.com.

A signed form confirms your organization's intention to participate.
